Happy 5th Anniversary to Communication Works!

Five years ago, friends and colleagues Toni Morehouse and Carol Bowen opened Communication Works, fulfilling their dream of starting a private speech and language clinic.

After careers as a speech-language clinic supervisor at UNL (Toni) and a speech-language pathologist at LPS (Carol), these experienced professionals knew they could provide quality services for a wide range of clients, as well as unique employment opportunities for clinicians – all in a principled, private setting.

It seems they have met their initial goals, but they continue to strive for the highest levels of excellence to make Communication Works the premier speech-language clinic in the Lincoln area!

Client Spotlight

Adi Singh

Congratulations to Adi Singh! Adi was one of 54 state champions to compete at the 31st annual National Geographic GeoBee in Washington D.C. May 19-22. Adi reported that one of the hardest questions at the GeoBee was: "Most of northern Norway is covered by what plateau?" (The answer is below Adi's picture!) To prepare for the GeoBee Adi studied a few hours every week. We are so proud of you, Adi!

Adi says the best part of the trip was going to the zoo because of all the fascinating animals.

Finnmark Plateau

DID YOU KNOW ???

IF you refer someone to Communication Works, and if that person becomes an active client, we will reward you with a **\$50 Target gift card** just to show our appreciation!

More than **one quarter** of parents with concerns about their child's ability to communicate have not sought treatment for their child – despite recognizing its importance to academic and social success.

A support group

Nebraska LB15

In January 2020, LB15 will go into effect, allowing insurance coverage of hearing aids for any child under the age of 19. Hearing aids can cost up to \$6000 and need to be replaced every four years. This bill will give more children who are deaf and hard of hearing the chance to develop at the same rate as their peers - and meet their full potential.

Communication...the essential human connection
