

Tell Me About It!

Newsletter #9 • February 2020

We Moved!

On Saturday, February 1
Communication Works moved to
1550 South 70th Street
Lincolnshire Square at 70th & A Street.
We are so happy to be here and we can't
wait to show off our new clinic.

Watch for information about
our upcoming
open house.

Thanks to

Our Families,
The College Hunks,
Hampton Enterprises, and
Our wonderful team of clinicians

Who helped make our move a success.

Most of all thanks to our clients for choosing
Communication Works as your Speech-Language
Clinic. We so appreciate each and every one of you!

~ Carol and Toni

College Hunks are strong...and good movers too!

The waiting room is.....well, quite roomy!

COMING SOON!!!

March 19 - April 23
Taught by Jen Haney
At Communication Works
\$60/individual; \$100/couple

Call 402-480-3152 to register

Benefits of Sign Language for Young Children

(Educational Playcare, June 16, 2016)

Early exposure to signing helps infants develop language and reasoning skills. While others are still crying to get what they want, signing babies are learning how to communicate with words and simple phrases.

- Accelerated speech and emotional development
- Enables children to communicate effectively
- Improves attentiveness to social gestures
- Larger speaking vocabulary
- Reinforces learning of educational concepts such as ABC's, animals, other themes
- Helps children remember words because there is muscle memory involved, and the more senses involved in learning, the greater memory retention the child will have.
- Lowers frustration levels
- Improves child-parent bonding
- Better grades in school
- Earlier reading
